MRO Australasia took place on May 17-18, 2023 at the Sofitel Brisbane Central, Australia.

After an exciting and successful inaugural event in 2020, the second edition gathered the MRO community once again to explore the crucial issues impacting regional stakeholders.

The Queensland Government were the host sponsor for the conference, which gathered 360+ attendees representing airlines, MROs, OEMs, lessors and suppliers.

The event concluded with a guided tour around the Qantas Engineering Facility located at Brisbane Airport.

“To me its all about the networking and bringing the industry players together. There is a lot of value in this.”

MARK HOBSON, MANAGER - CUSTOMERS, AIR NEW ZEALAND

“Hands down MRO Australasia was one of the best aviation events I have exhibited in. The leads generated from the event were great. The ‘Meet the Buyers’ session was also fantastic.”

IVAN ZRILIC, GENERAL MANAGER - OCEANIA, CALLINGTON

367 attendees

82 airline attendees representing 25 operators

36 showcase exhibitors

10 dedicated networking sessions

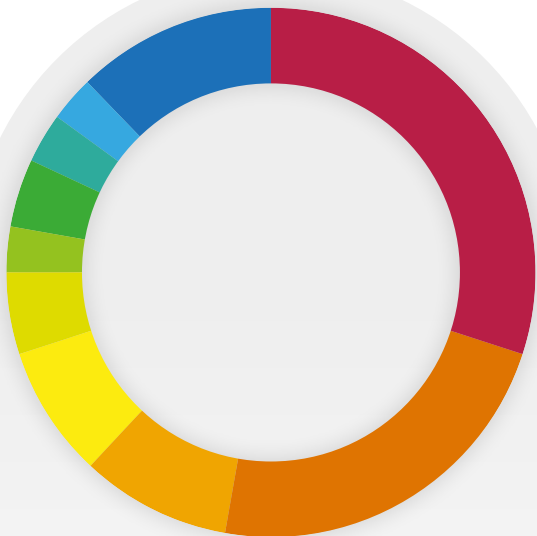

200+ meetings during Meet the Buyers

400+ meetings via the app

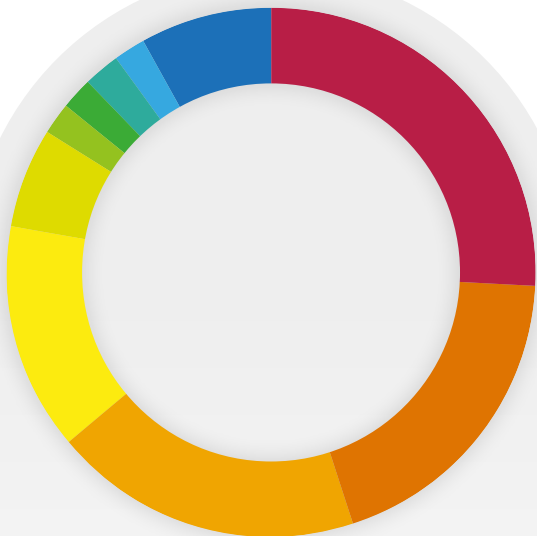

WHO ATTENDED?

Attendee by Industry:

MRO Provider	30%
Airline Operator	23%
Parts Distributor/Supplier	9%
Government/Military	8%
Logistics/Freight Forwarding	5%
Ground Support Equipment	3%
OEM/Manufacturer	4%
Components/Rotables	3%
Lessor	3%
Other	12%

Attendee by Job Function

Sales	26%
Business Development	19%
Engineering & Maintenance	19%
Executive Management	14%
Purchasing/Procurement	6%
Supply Chain	2%
Logistics	2%
Marketing	2%
Quality Assurance/Safety	2%
Other	8%

98%

Achieved their primary
objective for attending the
conference

97%

Satisfied or very satisfied
with the agenda content

96%

Planning to attend the next
edition of MRO Australasia

The sold-out showcase exhibition featured 36 international companies, displaying the latest products, services and technologies for the aviation aftermarket.

Situated directly outside the conference room, delegates were able to network during the breakout sessions, foster new relationships, strengthen existing ones, and expand their reach across the community.

Showcase Exhibitors

“The MRO event is a good validation point to understand what is happening in the industry. It is also a valuable networking opportunity and to see what new products are out in the field.”

MARK NARAYAN, MANAGER EXTERNAL MAINTENANCE, QANTAS AIRWAYS

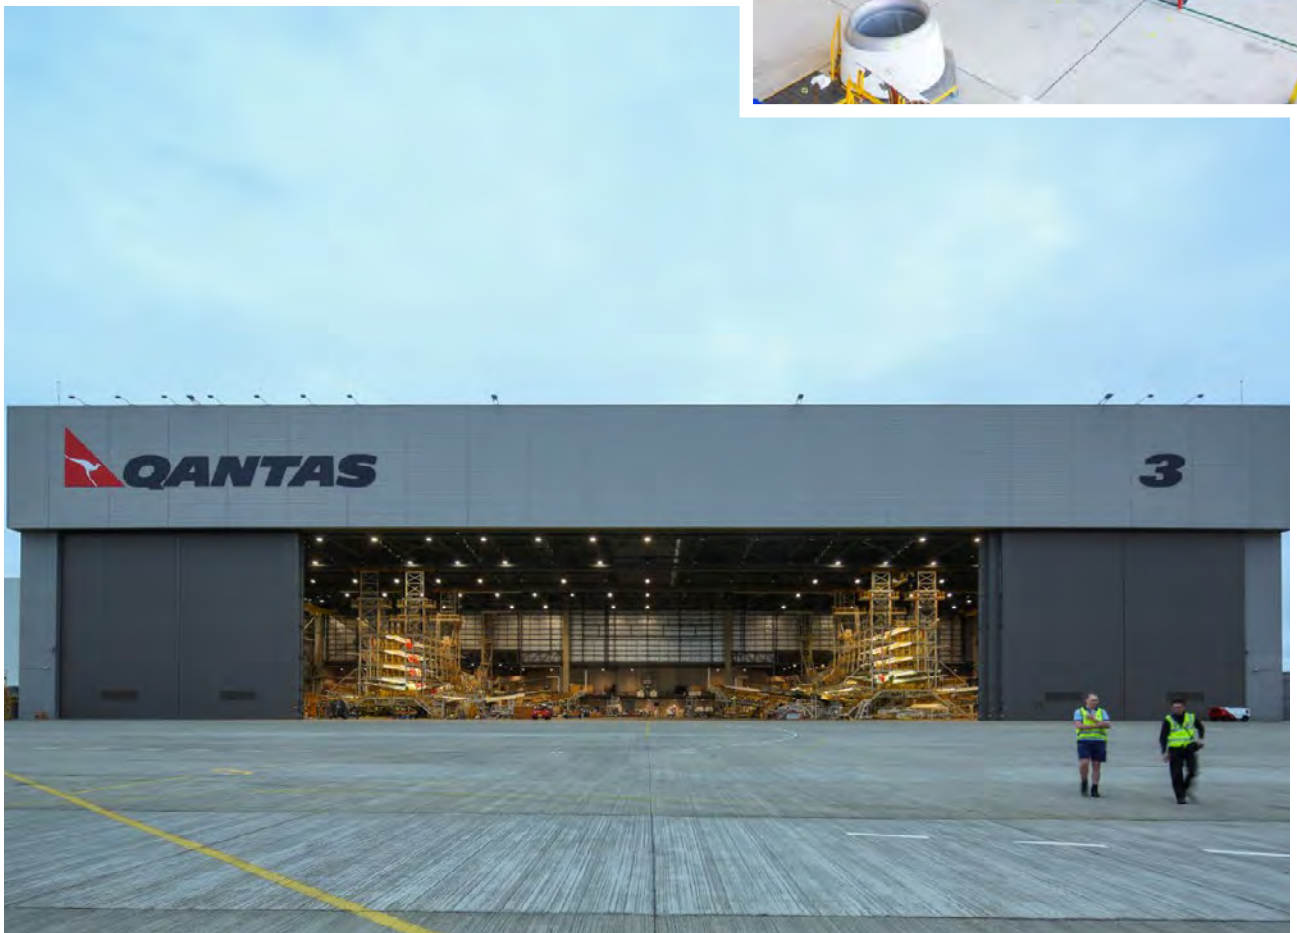

Unique to MRO Australasia, the 'Meet the Buyer' business card exchange was an opportunity for suppliers to meet with buyers in an informal, speed networking style session.

Lasting an hour, buyers were behind nominated tables, with suppliers entering the room in waves for 5-minute informal meetings.

The session was immediately followed by a networking reception sponsored by Heston MRO, for the conversations to continue in a relaxed setting.

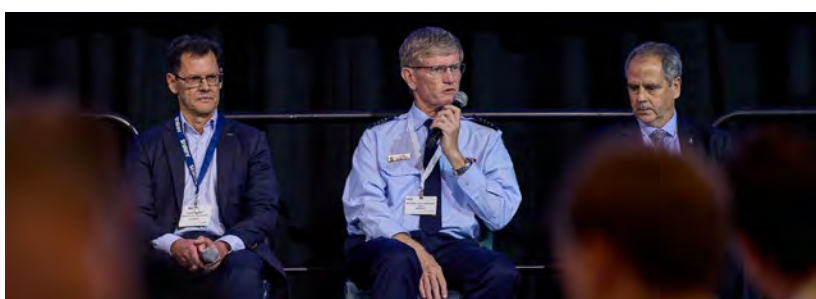

Exclusively available to MRO Australasia attendees, Qantas hosted a tour of their Engineering Base Maintenance facilities located at Brisbane Airport.

Immediately following the close of the conference, attendees were transported to the facility, to tour bays of both narrowbody and widebody maintenance totalling over 40,000 square meters of maintenance capacity, including visits to supply chain, hangars 2 and 3 and associated workshops.
